COLLEGE OF ARTS & SCIENCES
SILLIMAN UNIVERSITY
Building Competence, Character & Faith

RECOMMENDATION

I am recommending **MS. CRESELDA DELA PEÑA** to pursue further studies. Ms. Dela Peña completed her undergraduate degree as B.S. Biology Major at Silliman University. She has demonstrated consistent academic performance and approaches academic tasks with seriousness, completes requirements, and shows the ability to work independently with minimal supervision. Based on my experience with her as a student, she has the discipline, foundational knowledge, and maturity needed to pursue further studies.

Respectfully yours;

Assoc. Prof. Michael Lawton R. Alcala, MS, FHEA
Chair, Biology Department
College of Arts and Sciences
Silliman University
